

# On the Train Towards the Future!

a proposed communications programme about sustainable mobility, climate change and carfree communities

At communities near freight depots visited by the Bombardier Transportation TRAXX F140MS as the four-system locomotive enters service providing traction for freight services

Literature and resources in Polish and English

TRAM-FREIGHT EXAMPLES FROM DRESDEN, VIENNA AND ZURICH

Integrated with events focusing on interoperability, external costs, the “polluter pays principle”, Eurovignette, and new urban logistics solutions

Participatory workshops, seminars, other educational events and entertainment for all ages and interest levels

Activities coordinated in partnership with local environmental NGOs and government bodies
